Lovella Lash Lift

A lash lift creates a subtle, natural-looking lift, giving the illusion of length and making the eyes appear more open. R450
A lash lift is a great alternative for clients who want a long-lasting alternative, but don't have the time needed to maintain eyelash extensions.

Brow Lamination

This innovative technique is used to smooth, straighten and lift the brow hairs into a more vertical position to create the illusion of more defined looking eyebrows. Whether your brows are over-plucked, unruly, thinning or has gaps, this new procedure will lift them up to conceal any flaws. Think of this as a Lash Lift, but for your brows! R460

Henna Eyebrows

The therapist will do a complete eyebrow redesign by measuring the perfect shape for the client according to the golden ratio. R290
An eyebrow template will be created where after the tint mixture can be applied to create a solid or ombre colour effect. The Henna Spa will last approximately 1 week on the skin and up to 4 weeks on the eyebrow hairs.
